-Discussion as to how to get more volunteers next year. We will have the newspaper come out and in June to write a Safe Grad article to expose the community to what Safe Grad is all about. Contact people directly who we think might be interested in helping next year. Bring a list of people to the June meeting and to contact. We will email them and then call them later in the year to encourage them to assist us. Be direct and specific about our needs. People need to show up at the September meeting. We will put another article in the paper in Aug. to encourage others to come to a meeting at the high school for the Sept. meeting.
